Webinaarisarja numismatiikasta alkaa

SNY järjestää webinaarisarjan, johon pyritään saamaan laadukkaita ja mielenkiintoisia esityksiä numismatiikasta ja siihen liittyvistä aiheista. Kaikkiin esityksiin on vapaa osallistuminen ja ne järjestetään etäyhteydellä, jolloin osallistuminen mistä vaan on mahdollista vaivattomasti.

Ensimmäisen webinaarin pitää SNY:n tutkijajäsen ja filosofian tohtori Frida Ehrnsten. Ehrnstenin numismatiikka-aiheinen väitös valmistui vuonna 2019, ja siinä tutkittiin rahan käyttöä Suomessa vuosina 1200–1560.

Ensimmäinen webinaari järjestetään:

Tiistaina 28.9.2021 kello 18–19, Aiheena: Rahan käyttö keskiajalla (FT Frida Ehrnsten)

”Rahalöydöt kertovat keskiaikaisen yhteiskunnan kehityksestä ja rahojen leviämisestä. Rahatalouteen siirtyminen nykyisen Suomen alueella eteni sitä mukaa kun Ruotsin valtakunta laajeni itään. Rahat toivat mukanaan aivan uuden tavan arvottaa ympäristöä. Vaurautta ja köyhyyttä voitiin nyt mitata rahallisesti, ja rahoista tuli yleisesti hyväksytty väline tähän tarkoitukseen.”

Tilaisuuteen voi ilmoittautua SNY:n puheenjohtajalle osoitteeseen aki.tsupari@snynumis.fi
SNY lähettää tämän jälkeen Teams-kutsun ja linkin tilaisuuteen.
